**STEP 2:** Create a new account

**STEP 3:** Click "register now" under Travel Adult Volunteer/Coach Registration

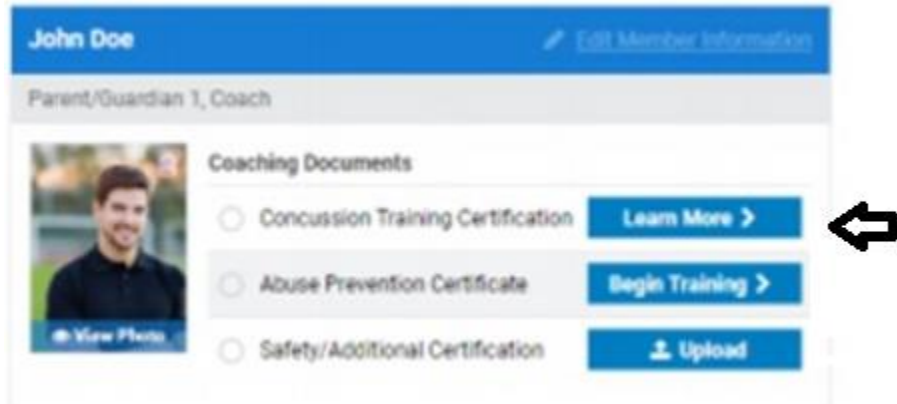

**STEP 4:** Follow the prompts for your adult registration, Background Check, CORI & SORI  
Have the following things ready:

1. A color headshot, the picture should be just of you and just a headshot.
2. Your driver's license number and expiration date.
3. Be sure to use your full legal name.

**STEP 5:** Complete SafeSport/Abuse Prevention online training. This will take about an hour. You can stop and start if you need to. Please use the link in your STACK account to take the Abuse Prevention Training. This way, the system will automatically mark you as approved. See below:

The screenshot shows a user profile for "John Doe" with the role "Parent/Guardian 1, Coach". Under the "Coaching Documents" section, there are three items: "Concussion Training Certification" with a "Learn More" button, "Abuse Prevention Certificate" with a "Begin Training" button (indicated by a black arrow), and "Safety/Additional Certification" with an "Upload" button. A "View Photo" link is also visible below the profile picture.

**STEP 6: Concussion Training.** You must complete the CDC Heads up Concussion training. The CDC site is currently experiencing heavy traffic, please be patient. If the system is slow, please try to complete at a different time. You can access this training from your STACK account. See below:

**Please note:** if you have already completed your concussion training you should be able to upload the certificate. In your account, you will see a place to download your “full certificate.” If you do this you will not need to retake the course.
